

SDBS INFRACON

CONSTRUCTION / PROJECT MANAGEMNET / INTERIORS / TURNKEY SOLUTION

COMPANY PROFILE 2023

SDBS INFRACON is a group of experienced Civil engineers and construction project managers which was established in 2015 by Mr.Vikas Sharma after 16 years of experience on construction projects and field.

Our mantra is “Quality not Quantity” which is strongly driven and measured by upmost client satisfaction. As a reasonably new entrant to the competitive india’s construction industry, we have focused on developing strong relationships with our clients and industry consultants upon which our business success relies.

We have a combined 19 years of experience in the Indian construction industry with a proud history in being able to provide construction services to many regions across our country, focusing on the area from Delhi-NCR, UP to Rajasthan,Maharashtra,Karnataka,M.P,Punjab,Tamil Nadu.

Our ability to successfully undertake work in these locations is sustained by our emphasis on using our established network of local sub-contractors and suppliers. “Keeping it Local” is an important principle in our business and we are continually reviewing our network of suppliers and contractors to ensure that all uphold the core business values that we consider essential.

We take pride on having an enthusiastic and motivated team who are focused on delivering a high quality service and product. We are committed to developing and maintaining long-term relationships by focusing on achieving our client’s project objectives. We work closely with consultants to proactively identify and mitigate any issues and hurdles before they can impact on the project at hand.
